## INTRODUCTION.

---

CITY CLERK'S OFFICE,

FITCHBURG, MASS., August 31, 1898.

This volume contains an exact transcript of the Old Records of the Town of Fitchburg for the first twenty-five years. It begins with the act of incorporation, February 3, 1764, and extends to March 2, 1789.

The printer's copy has been carefully prepared by Mrs. Fannie B. Davis, Miss Edith L. Davis and Miss Lucy A. Hayward. The manuscript being old and discolored, and written by so many different clerks, the task of copying it is not the easiest thing imaginable.

To give our readers an idea of the original book, I had Mr. J. C. Moulton photograph some of the pages, from which plates were made by the Heliotype Engraving Company of Boston, Mass.

I am also very much indebted to Mr. J. F. D. Garfield, Secretary of the Fitchburg Historical Society, for many suggestions and much valuable assistance. He furnished the pictures of Thomas Cowdin and wife, and Joseph Fox, whose likenesses appear in the book. It was thought that, as Mr. Cowdin and Mr. Fox were such prominent men in the early town affairs, it would be very proper that their pictures should appear in this volume. An attempt was made by Mr. Garfield to obtain from the Massachusetts Archives in the State House, Boston, copies of the petitions referred to in Article 2, Page (277); Articles 6, 7 and 8, Page (285), and Articles 10 and 11, Page (287), under date of October 3, 1786. This he was unable to do, but he did discover some interesting petitions which he copied, and they are reproduced as an appendix in this book.

The work of printing the book has been executed by the Sentinel Printing Company of this city, with commendable zeal and care. The excellent typographical appearance of these pages is due to the skill and painstaking efforts of the members of this printing establishment, who have suggested freely of their knowledge during the progress of the work. The index has been prepared under the immediate supervision of Frank C. Hoyt, foreman in the printing office, to whom I am indebted for many valuable suggestions.

The figures at the top of the pages indicate the paging of the transcript. The heavy figures enclosed in brackets represent the paging of the original book.

It is hoped that a perusal of the book will prove interesting, not alone to students of history, but to all persons who may wish to acquaint themselves with the conditions and misfortunes which surrounded our ancestors just previous to and following the Revolutionary war.

COMMONWEALTH OF MASSACHUSETTS.

WORCESTER SS.

FITCHBURG, August 31, 1898.

I, WALTER A. DAVIS, City Clerk of the City of Fitchburg, hereby certify that the following, beginning with page 5, and ending with page 324, is a true and correct copy of so much of the Old Records of the Town of Fitchburgh as are contained in Volume 1, from February 3, 1764, to March 2, 1789, except that the title, paging, explanatory marks and notes have been added in the present volume.

A cursive handwritten signature of Walter A. Davis. The signature is written in dark ink and is highly stylized, with large loops and flourishes. The first name 'Walter' is prominent, followed by a large 'A' and then 'Davis'.

*City Clerk.*

Subscribed and sworn to before me.

 Having with great Satisfaction perused the circular Letters from the Committee  
 of Correspondence for the Town of Boston wherein are so clearly laid forth our  
 Rights & Privileges as English-men & Christians and also a List of the many  
 Infringements that have been made Thereon which Letters of Correspondence  
 we highly approve of & unanimously consent unto and resolved to stand fast in the Liberty  
 and Rights where with our gracious Sovereign Kings have made us free by an undeni-  
 able Charter & Deed from them their Heirs & Successors for ever - And we are  
 fully persuaded that Liberty is a most precious Gift of God our Creator to all  
 Mankind and is of such a Nature, that no Person or Community can justly part  
 with it, and consequently no Man or Number of Men can have a Right to exercise  
 Despotism or Tyranny over their Fellow Creatures; and to save us from such extreme  
 Whoredoms we believe the Vigilance & combined Endeavors of this People are necessary  
 and we lay through the favor of divine Providence will be effectual; And we think  
 it our indispensable Duty as Men, English-men and Christians, to make the most  
 publick Declaration in our Power on the side of Liberty we have inrolled an Ambition  
 to be known to the World and to posterity as Friends to Liberty, And we think it  
 our Duty on this Occasion in Behalf of Ourselves and our dear Country to  
 express our unfeigned Gratitude to the Respectable Gentlemen of the Town of  
 Boston for the Light & Counsel that they have presented to us in their  
 Circular Letters & their many generous Efforts in the Defence of our  
 Privileges, & in the Cause of Liberty, & in our earnest Prayers to Almighty  
 God that they may be animated still to proceed, & prosper in such a  
 Noble & Generous Design, & finally may they receive the most ample &  
 durable Reward - And that these Resolves be recorded in our Town  
 Book of Records, & that the Town Clerk give an attested Copy to the  
 Committee to be communicated to the Committee of Correspondence for the Town of  
 Boston

And with Respect to the East India Tea - From as much as we are  
 now informed that the Town of Boston & the Neighbouring Towns have made  
 such Noble Opposition to d Tea being brought into Boston Subject to a  
 Duty so directly tending to the Enslaving of America It is our Opinion  
 that your Opposition is just & equitable and the people of this Town are

desire to use all proper Means in our Contracted Sphere to promote it and we are necessitated to veiuie the Enemias of Liberty, as Enemias of our lawfull Sovreign King George & his Illewstrious Family, beause Tyranny & Slavery are fundementally repugnant to the Britefh Constitution; But in declaring our present Thoughts & Resolutions, we are mov,d by a principle of Humanity & Benevolence to the people of Brittain, whose Happinefs is so involved with ours, that the Oppreffsors and Depredations indued on us by tyrannical Governments must be essentially detrementol to Them we therfor [92] earnestly supplicate the Deity to preserve them from political Lethargy & so from the most shamfull & miserable Bondage and we are fond of having our little obscure Names asociated with our American Brethren as Instreements in the hand of God, to save Brittain from that compleat Distruction which is now meditating, and is visibly impending; we wish therefore our Country men to Join with us in praying for a Spirit of Reformation, on the Inhabitants both of England & America because Reighteousness is the

Exaltation and Glory of any Society—And we humbly hope that our being so late in giving our Sentiments upon Affairs so deeply interesting to the American Colonies in general, and to this Province in particular, will not be imputed to our being unaffected with the alarming & unconstitutional Incroachments that have been made upon our civil Rights & Privileges; for we assure you, we will not be wanting at all Times according to our Small Ability in procuring & promoting all lawfull & constitutional Measures, proper for the Continuance of all our Rights & Privileges both civil & religious; And we think it our Duty on this Occasion in Behalf of Our selves, and our dear Cuntry to express our unfeigned Gratitude to the Respectable Gentlemen of the Town of Boston for the Light & Counsel that they have presented to us in their Circular Letters & their many Generous Efforts in the Defence of our Privileges & in the Cause of Liberty & in our earnest Prayers to Almighty God that they may be animated still to proceed, & prosper in such a Noble & Generous Design, & finally may they receive the most Ample & Durable Reward—And that these Resolves be recorded in our Town Book of Records, & that the Town Clerk Give an attested Copy to the <sup>rd</sup> Committee to be communicated to the Committee of Correspondence for the Town of Boston . . . . .

He has affected to render the Military independent of, and Superiour to the Civil Power. . . . .

He has combined with others to Subject us to a Jurisdiction foreign to our Constitution, and unacknowledged by our Laws; giving his Assent to their acts of pretended Legislation:

For quartering large bodies of armed troops among us:

For protecting them, by a mock trial from punishment for any murders which they should commit on the inhabitants of these States:

For cutting off our trade with all parts of the world:

For imposing Taxes on us without our consent:

For depriving us in many cases of the benefits of Trial by Jury: For transporting us beyond Seas to be tried for pretended Offences:

For abolishing the free System of English Laws in a Neighbouring province Establishing therein an arbitrary Government and enlarging its boundaries, so as to render it at once an Example and fit Instrument for [121] For introducing the same absolute Rule into these Colonies.

For taking away our Charters abolishing our most valuable Laws and altering fundamentally the forms of our Governments:

For Suspending our own Legislatures and declaring themselves invested with power to Legislate for us in all Cases whatsoever.

He has abdicated Government here, by declaring us out of his protection and waging war against us.

He has plundered our Seas ravaged our Coasts, burnt our Towns, and destroyed the Lives of our people.

He is at this time transporting large armies of foreign mercenaries to compleat the works of Death Defolation and tyranny already begun with circumstances of Cruelty and Perfidy Scarcely paralleled in the most barbarous Ages, and totally unworthy the Head of a Civilized nation.

He has constrained our Fellow Citizens, taken captives on the high Seas to bear arms against their Country; to become the Executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic inferrections amongst us, and has Endeavoured to bring on the Inhabitants of our Frontiers the merciless Indian Savages, whose known Rule of warfare is an undistinguished Destruction of all Ages, Sexes, and Conditions.

In every stage of these oppressions we have petitioned for redress, in the most humble terms: our repeated petitions have been answered only by repeated Injury!—A prince whose Character is thus marked by every act which may define a Tyrant, is unfit to be the Ruler of a free people! . . .

Nor have we been wanting in attention to our British Brethren, we have warned them from time to time of attempts by their Legislature to extend an unwarrantable Jurisdiction over us, we have reminded them of the Circumstances of our Emigration and Settlement here, we have appealed to their native Justice and Magnanimity and we have conjured them by the ties of our common kindred to disavow these Ufurpations, which would inevitably interrupt our connexions and Correspondence. they too have been deaf to the voice of Justice and of Consanguinity. we must, therefore Acquiesce in the necessity which Denounces our Separation, and hold them, as we hold the rest of mankind Enemies in war; in peace, Friends.

We, therefore, the Representatives of the United States of America, in General Congress Assembled appealing to

connection, between them and the State of Great-Britain, is, and ought to be totally dissolved; and that as free and Independent States, they have full power to Levy war, conclude peace, contract alliances, Establish commerce, and to do all other acts and things which Independent States may of right do, and for the Support of this declaration with a firm reliance on the protection of divine providence, we mutually pledge to each other our Lives our Fortunes and our sacred Honor.

To the Hon<sup>ble</sup> the Senate & House of Representatives in General Court assembled Sept. 1782

The Petition of Thomas Cowdin in behalf of the Town of Fitchburg Humbly sheweth that the Number of Men for the Continental Army by the last Requisition was four Men for the <sup>sd</sup> Town accordingly they have raised three able Men & sent forward to said Army—& suppose that three Men is the full Proportion for said Town according to the Neighboring Towns. And as said Town is ready at all Times to do their full proportion & are greatly Burdened with Bridges & Bad Roads Wherefore your Petitioner humbly prays that this Hon<sup>ble</sup> Court would remit to the Town of Fitchburgh afores<sup>d</sup> the Fine that is already laid on <sup>sd</sup> Town for not raising the 4<sup>th</sup> Man according to the said last Requisition And as in duty bound shall ever pray
